

BOB RAMSEY, EDUCATIONAL CHAIRMAN - BEGINNERS CLASSES

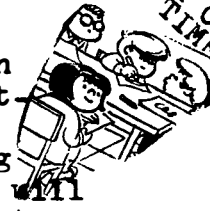

The classes will be held in the Science Theater of the Pacific Science center. The first one will be on Jan. 12th starting at 6:30, breaking up in time for the regular meeting.

The second one will be on Jan. 26th, starting at 6:30, breaking up in time for the board meeting. Dates for February and March will appear in subsequent bulletins. Note instructions in upper right hand corner.

Bob gave us a complete summary of the course and passed out this information to the 75 who already signed up. If you didn't sign up at the last meeting, just show up for the first session - at 6:30 before the regular January meeting, and you will receive all the information.

We are all grateful to Bob for his contribution of time and talent to help the poor struggling amateur mycologist - giving basic information which will not be given in the regular meetings. Our appreciation can best be expressed by regular attendance and promptness. Grab a quick bite and come.

BE ON TIME!

ANN BARD - CHAIRMAN OF HISTORICAL COMMITTEE (or is it hysterical?)

Ann made a passionate plea for materials for a scrap book and a club history. Any newspaper clippings regarding mushrooms - recollections and reflections on past activities of the Society.

Recipes, poems, pictures, good slides; anything which might be of interest to the study of mycology. Be sure to include your name, date of article and any other pertinent information. A box will be placed at the front of the theater for deposit of these contributions. Bring them to the meetings - we'll be collecting some time before beginning assembly. Also she can use a lot of help - so if you have time for this worth-while project which has been so long neglected, now is your time to jump in and help. Let's preserve our past for posterity!

ODDS N' ENDS

To the many members who have inquired about Peg & Joe Deyling - we had a nice Christmas letter from them and it certainly sounded good. They left Seattle on the 17th of December - destination unknown. Peg even took candles with them and they had a gay Christmas Eve - they were able to find a furnished mobile home and their address at the present time is - Star Route So. South Beach Oregon 97366. In spite of the fact that they won't be here, they have renewed their membership for the year of 1970. We're glad to hear from them.

Which reminds me -

NAG NAG - IT'S ABOUT THOSE DUES AGAIN. It's later than you think.

The sands of time are running out. We have pleaded, cajoled, threatened and begged - to you who have not heeded all these warnings, this will be your last copy of the bulletin (you too can be saved by paying on or before January 12th.

It is a difficult task to keep a roster right up to date to the minute, but we are planning on checking the membership file and having a new roster printed to be distributed at the February meeting - so the absolute deadline to get this work prepared will be one week after the meeting JANUARY 19, 1970. If you do not have a renewal, but do have a change of address or telephone number, please notify the membership committee.

Please do not include checks for banquet or any other commodity with this. Thanks-

Time just ran out

The Early Bird Award must go to to a couple of new members, Max and Ingrid Musiel who have sent in their reservations for the banquet - therefore they will receive tickets No. 1 and 2. They didn't give a preference of entree, so they will get roast beef unless we are otherwise notified. Don't forget to buy your ticket at the January meeting.
